Victor Russo  
Home Depot/Teen Depot  
1200 Churn Creek Road  
Redding, CA 96003

Dear Victor,

Thank you for your contribution of the shed, playhouse, and garden supplies for the Community Garden Project at the Mill Street Neighborhood Resource Center. We also want to thank all the associates who helped with our project by giving their time and skills to make a dream come true.

The Mill Street Resource Center is a collaborative effort by the Anderson Partnership for Healthy Children and Shasta County Public Health. The garden project will promote nutrition education, physical activity and positive relationships among neighbors that will improve our community for years to come.

In appreciation for your gift, your organization will be recognized on printed materials that we send out and on a plaque in the garden area.

Again, we thank you for your support.

Sincerely,

Christine Haggard  
Community Health Advocate
