## Medi-Cal & CMSP

*Marina, a pharmacy cashier in Cottonwood, and her son Jacob have been enrolled in Medi-Cal since Jacob was born three years ago.*

“If I had to choose between paying for health insurance for Jacob or food and rent, it would be the insurance that would have to go,” said Marina. “With Medi-Cal, Jacob stays up-to-date on his immunizations and can see a doctor when he’s sick. Without it, if something happened, I’d have to take him to the emergency room.”

State and county health programs like Medi-Cal and CMSP are essential for families like Marina’s. Even if you are working, own a home or are married, your family may qualify for one of these affordable health care alternatives.
